MINE-OWNER HAUSER'S VIEWS. Gold Contraction Will Force Silver to the Front Again,

HELENA. Mont., June 29.-Ex-Gov Hauser, chief owner of Helena Smelter, which is turning out about \$300,000 in bullion every month, says it will not close as there is enough gold and lead the ores of Montana to keep it running, in spite of low prices of silver.

Hauser says the present situation will Hauser says the present situation will cause reaction in favor of silver. Every silver mine that closes down reduces the production of gold from 25 to 40 per cent. The result will be contraction of gold product to less than \$55,000,000 per annum, an amount which is consumed every year in the arts alone.

Money will then become scarcer, gold go to a premium, and this scarcity will compel an increased use of silver. Hauser thinks the next Congress will repeal the Sherman law and pass a law for the coinage of three or four millions of silver per month on an increased ratio.

Money Advances to 140 Per Cent., and Failures Are Barely Avered.

BOSTON, June 29-3 P. M.—The strain on the financial business situation has to-day been severer than ever. Stocks were demoralized from the start, and it looked for a time as if the much dreaded panic was about to break.

The liquidation was extremely heavy, and, under the pressure, prices tumbled badly. In several instances, notably Atchison and Union Pacific, the lowest prices on record were scored. The former was down to 19 7-8, and the latter touched 23 1-2. CHICAGO, June 29.—An investigation of gambling at Washington Park was begun to-day by the Grand Jury with a view of closing badly. TALK OF THE TURF.

Richard Croker Is Said to Have Bought Into Monmouth Park.

THE DWYERS ALREADY IN.

Jockey Banks Convulsed the Judges with His Dignity Yesterday.

The report that Richard Combon had purchased a large interest in the Monmouth Park Racing Association furnished considerable gossip for turfmen at the track yesterday. Mr. Croker will neither admit nor deny the fact that he has made such a purchase. Naturally anything that the "ruler of New York City" does excites atten-tion, but there seems to be nothing sig-nificant in this purchase. Mr. Croker has simply made a good investment. The fact, however, that Philip and Michael Dwyer have also secured large blocks of stock, leads to the suspicion that the turf will eventually become a huge business concern, run under the management of the Mesers. Dwyer, Jersey City politicians and officials were considerably surprised this morning Richard Croker and John A. Morris.

Book programmes for the first nine-teen days' racing at Monmouth Park issued yesterday. The meetir begins on Monday.

The handicapper at Sheepshead Bay should take a well-earned vacation.

Equity ran a very game race yesterday, considering that she never had any fondness for weight.

Chattanooga's defeat yesterday was no surprise. This colt, after running one or two races, gets mean and sour, and will not run up to his form. He will be let up now and not race until after the Monmouth meeting begins.

The Sunbeam colt was worked out a mile and a quarter yesterday. Evidently Trainer Rogers intends to have a shy at the Suburban.

Prince John acted meanly in his race.

Prince John acted meanly in his race. Smiling John Kelly must feel flattered by the way the colt acts. He will probably ask Mattle Corbett to change

The Guttenburg contingent got in a heat with Connors yesterday. "Carley B." backed the colt all over the ring and won handsomely, for as good as 18 to 1 was quoted in nearly every book.

Popular Johnny Cavanagh will attend to the bookmakers' wants at Monmouth.

Davy Johnson is making book aga His melodious volce was heard Sheepshead Bay yesterday. Bushranger's saddle slipped in his race yesterday. Banks got down, and then gravely walking to the judges stand, asked permission to dismount. His action threw the judges into convulsions of laughter.

Many of Figaro's backers got a stiff neck from watching that colt's perform-ance. Few horses can outrun Figaro in the first part of a race, and yet yes-terday Bergen had to flog and punch the colt from start to finish. Figaro must have had an extremely bad night.

Thompson could not get down to weight—115 pounds—for his employer, Col. Ruppert, yet directly he got his release he rode Watterson at 114 pounds. It is said that John Hunter has been prevailed upon to withdraw his letter of resignation from the Board of Control, and peace once more reigns in that turbulent body.

and two months in the State Prison for embezzling \$433.68 from the Company. Clinch was arrested in San Francisco, Cal., and brought back to Queens County by Detective Owen J. Kavanagh.

Clinch said in court that Detective Kavanagh and Frederick Morris, proprietor of the News Company, had presented bills against the county for nearly \$800 as expenses of bringing him from San Francisco, and that Detective Kavanagh travelled on free passes under three different names, and had no right to put in charges for this transportation. Racegoers were back in the city last evening by 6 o'clock. This breaks the recond. Small fields and prompt starts were the causes that contributed.

The Duke of Beaufort's horses Strath-rose and Exhalation, will probably leave Chicago this week. Sweeper, the train-er, received a cablegram from New-market yesterday, instructing him to ship the horses by the White Star line at the earliest opportunity, and next week will see the party en route to England. Sennett & Warn have again migrated East with their horses, and will race at Guttenburg and Brighton Beach.

Nearly every owner and trainer at the hilltop had some kind of a bet on Connors at the Bay yesterday. The colt's form at Guttenburg showed that he was a good one.
